**Subject:** RE: Cell 6 As-built Survey

---

Ben,

Just to confirm, as part of the operations layer survey, we will need to survey the berm along the northern edge of the cell, as shown on Detail W, Sheet 6. Construction and documentation of the berm will need to be included in this CQA report as it will be necessary prior to placement of MSW in the cell.

Keep us updated on any changes to the scheduled survey data to include construction of the berm so that we can coordinate with the surveyor.

Thanks  
Dan

**Subject:** Cell 6 As-built Survey

AECOM,

GBI is scheduled to complete the Cell 6 operations layer installation by the end of the week, completing our portion of the work on the floor in Cell 6. Please schedule the as-built survey for next Monday, 10/4/2010.

I will notify you with any schedule changes.

Let me know if you have any questions.
